City of Nashua, Feb. 21, 1863.

J. G. KIMBALL, City Treasurer.

CITY OF NASHUA, Feb. 21, 1863.

The undersigned, the Committee on Finance of the City Council of said city, certify, that in accordance with the provisions of an Ordinance of said city, we have, this day, examined the foregoing account of John G. Kimball, City Treasurer, and find the same to be correctly cast, and each payment properly vouched by a Treasury Order for the same, corresponding in amount with the vouchers in the hands of the City Clerk. We have, also, examined the sources from which the income of the past year has been derived. and are satisfied, that he has charged himself with the whole amount paid into the Treasury.

We find that the total receipts into the Treasury during the past year, including the sixteen hundred and fifty-four dollars and twenty-two cents ($1654,22) on hand at the commencement, have been one hundred and five thousand three hundred and fifty-five dollars and twenty-one cents, ($105,355,21.)

The total payments during the same time have been ninety-five thousand one hundred and ninety-five dollars and thirteen cents, ($95,195,13) leaving the balance in the Treasury this day, ten thousand one hundred and sixty dollars and eight cents ($10,160,-08,) which has been shown and counted this day.

H. T. MORRILL,
J. M. FLANDERS,
CHAS. F. STETSON,
ALVIN GREENWOOD.

Amount paid to Officers,	165 09	
		$362 86

THOS. G. BANKS, City Marshal.

REPORT

OF THE

CHIEF ENGINEER OF FIRE DEPARTMENT.

City of Nashua, Engineer's Office,
Fire Department, Feb. 20th, 1863.

To the Hon. Board of Mayor and Aldermen:

In conformity with Section 6 of an ordnance relating to the Fire Department, I herewith transmit to you a list of the Officers and members attached to the Fire Department, together with their ages, residences, and occupations. Also a statement of the condition of the Apparatus under their charge, the number of fires and alarms during the past year, the number of Hydrants and Reservoirs from which water can be obtained in case of Fire.

In accordance with the duties of my office I have from time to time made thorough examination of the several machines and apparatus belonging to the City, and in use for the extinguishment of fires, and report the same in good order and condition, for the purposes intended. A further supply of Hose should be purchased this coming year, as they are constantly wearing out, and a large portion of the Hose now in use, will only answer to use on Hydrants. Should we have a large fire we might come short. I am happy in being able to state that the number of Fires and alarms the past year has been very few. The loss by fire being $10870, of which 6170 is covered by insurance. Aside from the loss of the Nashua Iron Co. the loss by fire has been small. I hope we may continue thus to be spared from fire. The Department has been called out by alarms of fire five times. The condition of the several Engine Houses at this time is very good. The house on High street ought to be shingled. Aside from this, I do

not know of any repairs which should be made on the Engine Houses. During the past year there has been three new Hydrants, and three of the old ones changed from the street to the sidewalk. There are still others that should be moved to the sidewalk. I would recommend as money well invested the purchase of a Fire Alarm Bell to be placed upon the City Hall Building. Such an alarm bell is much needed to call out the Department promptly. Alarms such as we have been and are dependent upon, do not call out the Department as they should be, many do not hear or are deceived by them. Our fire Department continues to maintain the high reputation that it so justly deserves. A Spirit of Union and Harmony pervades. The Co's are well filled and ready at all times for action should their services be needed. In closing my report I return my thanks to the Fire Department.

Very respectfully submitted,

ISAAC EATON, Chief Engineer.

FIRES AND ALARMS FROM FEB 14, 1862, TO FEB. 20, 1863.

May 25, 1862, 11.40 A. M., fire near Hollis St. Cemetery, small house.

Aug. 7, 1862, 2.25 P. M., fire Nashua Iron Co.'s Shop.

Aug. 9, 1862, 11.30, A. M., alarm on John Street, house, no damage.

Nov. 7, 1862, 10.45 P. M., fire, South Chestnut Street, J. B. Hidden's buildings.

Feb. 4, 1863, 11.45, P. M., fire, Main Street, John Atwood's building.

LOSS BY FIRE.

Names.	Loss.	Sum insured.

RECAPITULATION.

5 Engines, (2 of which are not in use,) 5350 feet leading hose, 66 feet suction hose, 9 hose carriages.

The city hydrants and 6 reservoirs for the use of the Department. Members of the Department at the present time, 7 Engineers, 197 Fireman.

The 2 Engines not in service ought to be sold if they can be, as they are decreasing in value by keeping.
